

**US Army Corps
of Engineers®**

SPECIAL PUBLIC NOTICE

**SAN DIEGO REGULATORY
RELOCATION TO
CARLSBAD, CALIFORNIA**

LOS ANGELES DISTRICT

Public Notice Date: July 21, 2008

Corps Contact: Therese O'Rourke
Chief, San Diego Section
South Coast Branch, Regulatory Division
(858) 674-5387
Therese.ORourke@usace.army.mil

The purpose of this Special Public Notice is to announce that the Los Angeles District, U.S. Army Corps of Engineers (Corps) has decided to relocate its San Diego Regulatory Section from Rancho Bernardo to new facilities in Carlsbad, San Diego County, California. In addition, other factions of the District will be consolidated in the new facilities as needed, while still others will use the facilities on a temporary, "telework" basis. The Corps will be located in Suite 105 of 6010 Hidden Valley Road, occupying a portion of the building where the U.S. Fish and Wildlife Service (FWS) is currently located, with move-in scheduled for the week of July 21, 2008. While our goal is to be operational as soon as possible, due to the logistical issues involved with any major move, we do not anticipate being fully functional before the beginning of August 2008. Our physical/ mailing address will be as follows:

Los Angeles District, Corps of Engineers
Attn: *(Name of Corps Contact)*
Regulatory Division, South Coast Branch
San Diego Section
6010 Hidden Valley Road, Suite 105
Carlsbad, California 92012

Directions to the Corps Carlsbad office:

From Interstate 5 (I-5), take the Palomar Airport Road exit heading EAST. Follow Palomar Airport Road approximately one mile (3-4 traffic lights) to Hidden Valley Road (first signal after Costco). Turn RIGHT onto Hidden Valley Road. The first building on the left is the new Corps of Engineers office, Regulatory Branch, San Diego Section (shared with the US Fish and Wildlife Service (FWS))

Carlsbad Field Office). As you enter the driveway, drive to the back of the building and turn left. Enter the building at the last single door at Suite 105.

Note: The main Corps entrance is on the east side of the building, not the front access through the FWS entrance: [See attached Site Map]

Telephone installation is scheduled for mid-July 2008. Until then, the general public can contact Corps representatives at their current numbers. Once new numbers are in effect and the move has taken place, telephone recordings will advise callers of new numbers, including the new area code.

This Public Notice is issued by the Regulatory Division. For additional information, see Corps regulatory web page at <http://www.spl.usace.army.mil/regulatory>.
